

## Medical assessment service

As part of requesting a **protection mandate homologation** or the institution of a **tutorship to a person of full age**

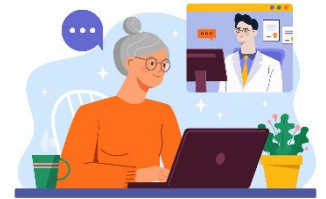

1

### Phone meeting with the nurse

- Presentation of the process leading to the medical assessment form
- Obtaining previous medical records

*Allow approximately one month before moving on to step 2*

2

### Home visit with the nurse

- Creation of the electronic medical file
- Initiation of the cognitive assessment

*Allow a maximum of 7 days before moving on to step 3*

3

### Home visit with the doctor

- Complete physical and mental evaluation
- Review of previous medical records
- Continuation of the cognitive assessment
- Prescriptions for blood tests and other diagnostic exams

*Allow approximately one month for the preparation of the final report (step 4)*

4

### Obtaining the medical assessment form required by the Public Curator

- The original copy will be sent to the notary by registered email (unless otherwise specified)
- An electronic copy may be sent to the family

Our healthcare services are offered in English or French, depending on the patient's preference.

**3000\$\* taxes included, payable in 3 payments**
